

## LED MINI WALL PACK LIGHT

### DESCRIPTION:

The LED Powered Wall Pack Mini Lights provide great lighting to poorly lite areas. Our LED Mini Wall Packs are easy to install and operate. These Mini Wall Packs have convenient features such as "Instant Start," and are not accompanied by the annoying Humming some lighting fixtures make. Furthermore, the 9W Mini Wall Packs do not emit any UV or IR in the beam. In addition to the value added benefits above, our LED Lights are eco-friendly and do not have any Mercury. These LED Lights are DLC rated which means they come with a 5 year warranty

SKU	GT-WP03-9WC1	Lumen Efficacy	105-115 LM/W	Housing	Aluminum
Certification:	DLC, UL, cUL	Dimensions	8.58" x 5.78" x 2.91"	Housing Color	Black
Watts	9W	Color	5000K	Optional Accessory	Photocell (Option)
