Product Description

This LED Square Top Area Light is the perfect contemporary option to replace halogen style lights in commercial plazas, city centers, university campuses, parks, and retail shopping centers. This product comes with an outdoor-rated LED chip which provides stable color consistency and the built-in heat sink provides heat management which allows for a long lifespan. The IP66 rated LED Round Top Area Light is rated IP66 for waterproof outdoor use in strong weather conditions. Optional features such as photocell and motion sensor controls are also available.
