

# High Bay

High Bay Light

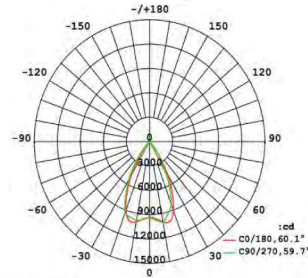

IP65  
5 YEAR WARRANTY

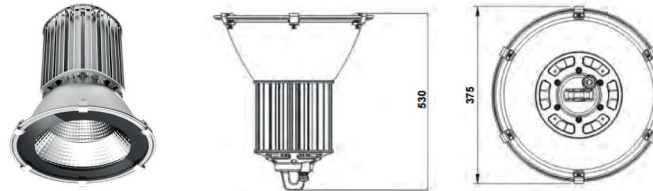

## LED High Bay Light

Part Number	LOT-BAY-100-2	LOT-BAY-150-2	LOT-BAY-200-2
Lumen Output	8,608lm	12,226lm	16,880lm
Wattage	100W	150W	200W
Lumen Efficacy	115lm/W		
CCT	3000K		
Beam Angle	25°/45°/60°/90°/100°		
Input Voltage	100-240Vac 50/47-60Hz PF 0.95		
IP Rating	IP 20		
LED Driver	Meanwell		
Certification	UL, CE, PSE, SAA, RoHS		

### Photometric Diagrams

### Detail

### LED Technology

The LED High Bay Light can be used to produce LED lighting for high ceilings, airports, factories, train stations, stores, museums, and similar applications. This high bay light uses the CREE LED chip, so it has a high CRI and high luminous output. It can present consistent, bright LED lighting. This high bay light also comes with a patented technology and design, with its excellent thermal management and heat conduction. This product has various dimmable controls to suit the client's preference. This product has TUV, GS, CB, SAA, CE, and RoHS certifications.
