Product Description

The LED Wide Linear High Bay is a powerful, high quality light that comes in a variety of wattage options, providing intense lighting to commercial and industrial warehouses, manufacturing plants, storage centers, schools, and gyms. This high-bay may be cable, chain, or pendant mounted and provides an instant-on, glare reduced light with various degree angles. The built-in aluminum heat sink provides excellent heat management while the high quality LED chips maintain efficiency, heat dissipation, stability, and lumen output. The product contains a built-in surge protector and class II driver with 0-10V and a lifetime of 50,000 hours. Excellent for high ceilings, mounting heights range from 10 to 40 feet and the highbay light comes in a variety of color temperatures, lumen outputs, and distribution accessories.
