LED Large Linear High Bay

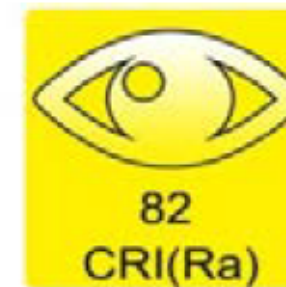

LOT-BAY-60-20/LOT-BAY-120-20
 LOT-LL-180-20/LOT-BAY-240-20

Product Number	LOT-BAY-60-20/LOT-BAY-120-20/LOT-BAY-180-20/LOT-BAY-240-20
Lumen Output	8,100 - 16,200 - 24,300 - 32,400
Wattage	60W - 120W - 180W - 240W
Lumen Efficacy	135lm/w
CCT	3000K - 4000K - 5000K
Dimensions	23 6/8" x 46 1/8" x 9" x 16" x 12 4/8" x 2 5/8"
Input Voltage	UNV = Universal 120-277 VAC HV = 347 VAC & 480 VAC
IP Rating	No Rating
LED Driver	Dual universal 0-10V driver
Certification	UL, DLC, FCC, ISO

Product Description

The LED Large Linear High Bay is a powerful light with a variety of wattage options, providing quality, intense lighting to commercial and industrial warehouses, schools, and gyms. This high-bay may be cable, chain, or pendant mounted and provides an instant-on, even wash of light with a wide angle. The built-in aluminum heat sink provides excellent heat management while the high quality LED chips maintain efficiency, heat dissipation, stability, and lumen output. The product contains a built-in surge protector, dual universal 0-10V driver, and a lifetime of 50,000 hours. Mounting heights range from 10 to 40 feet and comes in a variety of color temperatures, lumen outputs, and distribution accessories.
