LED Up Down Light

Part Number	LOT-CL-18-8-CW
Lumen Output	5,520lm
Wattage	24X2W
Lumen Efficacy	115lm/W
CCT	3000-3500K, 4000-4500K, 6000-6500K
Beam Angle	15°/30°/60°/90°
Input Voltage	100-277Vac 50-60Hz PF 0.9
IP Rating	IP 65
LED Driver	Meanwell
Certification	UL, CE, PSE, SAA, RoHS

Details

Product Description

The Sleek LED Cylinder Sconce is excellent for commercial buildings, hotel pillars, HOA club houses and other similar structures. This patented sconce has a unique body structure sealing it for waterproof performance function, making it adaptable for outdoor lighting and designs. This wall light utilizes the CREE LED light source, providing stable color quality. Utilizing mercury-free LED lighting technology, this LED wall Sconce has a lifespan of 50,000 hours. This wall light's exterior has an electrostatic plastic coating as well as a lampshade that has toughened glass, increasing its resistance against impact and friction.
