Led Flood Light

Part Number	LOT-FL-50-21	LOT-FL-70-21	LOT-FL-100-21	LOT-FL-150-21	LOT-FL-200-21
Lumen Output	4,336lm	6,077lm	8,312lm	13,059lm	17,099lm
Wattage	50W	70W	100W	150W	200W
Lumen Efficacy	115lm/W				
CCT	3000~6000K				
Beam Angle	100°				
Input Voltage	100-240Vac 50-60Hz PF 0.95				
IP Rating	IP 65				
LED Driver	Meanwell				
Certification	UL, CE, PSE, SAA, RoHS

Detail

LED Technology

The LED Flood Light can be used for both outdoor and indoor glare-free lighting and is perfect for locations such as airports, malls, warehouses, squares, lobbies, hotels and offices. This product has an IP67 protection rate, so it will be able to deliver UV-free lighting under any conditions. This flood light uses the CREE LED chip, so it produces a bright, clear light that is pleasant to the eyes. This product has an aluminum heat sink for maximum heat dissipation and also a built-in respirator for anti-mist and anti-dewing purposes. This product has several quality certifications from TUV, GS, CB, SAA, CE and RoHS.
