LED Arched Interior Light

LOT-LL-25-17/LOT-LL-40-17

LOT-LL-50-17

Product Number	LOT-LL-25-17/LOT-LL-40-17/LOT-LL-50-17
Lumen Output	3,000 - 4,800 - 6,000
Wattage	25W - 40W - 50W
Lumen Efficacy	120lm/w
CCT	3000K - 4000K - 5000K
Dimensions	24 5/8" x 45 5/8" x 4 6/8" x 2 6/8"
Input Voltage	UNV = Universal 120-277 VAC HV = 347 VAC & 480 VAC
IP Rating	No Rating
LED Driver	Class II driver, with 0-10V or triac dimming
Certification	UL, DLC, FCC, ISO

Product Description

The LED Arched Interior Light is an excellent option for offices, commercial businesses, public buildings, hotels, restaurants, hospitals and garages and hallway lighting. This light is designed to be surface mounted yet may also be suspended as a pendant. Finished with a high-quality enamel, this light yields excellent reflection while the high quality LED chips maintain efficiency, heat dissipation, stability, and lumen output. The product contains a built-in surge protector and class II driver with 0-10V or Triac dimming and a lifetime of 50,000 hours. Optional features such as dimming options and interchangeable color options are also available.
