**Double Direction Open
LED U-Light
LOT-LL-60-25**

Product Number	LOT-LL-60-25
Lumen Output	6,300
Wattage	60W
Lumen Efficacy	105lm/w
CCT	3000K - 4000K - 5000K
Dimensions	49 2/8" x 11" x 2 6/8"
Input Voltage	UNV = Universal 120-277 VAC HV = 347 VAC & 480 VAC
IP Rating	No Rating
LED Driver	Class II driver, with 0-10V or triac dimming
Certification	UL, DLC, FCC, ISO

**Product
Description**

The Double Direction Open LED U-Light is an excellent lighting option for commercial properties, public buildings, offices, hotels, and restaurant locations. This product is designed to be suspended, casting light is cast both upwards and downwards. This fixture provides an instant-on, even wash of light with a wide angle and glare reduction. This fixture is finished with a baked enamel yielding high reflection while the high quality LED chips maintain efficiency, heat dissipation, stability, and lumen output. The product contains a built-in surge protector and class II driver with 0-10V or Triac dimming and a lifetime of 50,000 hours. Optional features such as dimming options and interchangeable color options are also available.
