LED Office Linear Light

LOT-LL-25-4/LOT-LL-40-4

Product Number	LOT-LL-25-4/LOT-LL-40-4
Lumen Output	3,125 - 5,000
Wattage	25W - 40W
Lumen Efficacy	125lm/w
CCT	3000K - 4000K - 5000K
Dimensions	25 5/8" x 46 7/8" x 2 3/8" x 3 4/8"
Input Voltage	UNV = Universal 120-277 VAC HV = 347 VAC & 480 VAC
IP Rating	No Rating
LED Driver	Class II driver, with 0-10V or triac dimming
Certification	UL, DLC, FCC, ISO

Product Description

The LED Office Linear Light is a thin, sleek fixture excellent for offices, schools, utility areas, restaurants, corridors, hallways, public buildings, and commercial businesses. It is available in a variety of wattages and designed to be surface or pendant mounted with cable, chain, or stem kits. This linear fixture provides an instant-on, even wash of light with a wide angle and glare reduction and the wrap-around diffuser lens provides excellent, smooth lighting distribution. Finished with a high-quality enamel, this light yields excellent reflection while the high quality LED chips maintain efficiency, heat dissipation, stability, and lumen output. The product contains a built-in surge protector and class II driver with 0-10V or Triac dimming and a lifetime of 50,000 hours. Optional features such as dimming options and interchangeable color options are also available.
