LED Office Retrofit Kit

LOT-LL-18-5/LOT-LL-40-5

Product Number	LOT-LL-18-5/LOT-LL-40-5
Lumen Output	2,250 - 5,000
Wattage	18W - 40W
Lumen Efficacy	125lm/w
CCT	3000K - 4000K - 5000K
Dimensions	48" x 5" x 7/8" x 4 4/8" x 2 6/8"
Input Voltage	UNV = Universal 120-277 VAC HV = 347 VAC & 480 VAC
IP Rating	No Rating
LED Driver	Class II driver, with 0-10V or triac dimming
Certification	UL, DLC, FCC, ISO

Product Description

The LED Office Retrofit Kit is a fantastic replacement for fluorescent lighting in offices, schools, utility areas, restaurants, corridors, hallways, public buildings, and commercial businesses. Available in a variety of wattages, this kit comes pre-wired and fully assembled, easily converting 4 & 8 fluorescent strip fixtures. This linear fixture provides an instant-on, even wash of light with a wide angle and glare reduction and the wrap-around diffuser lens provides excellent, smooth lighting distribution. The high quality LED chips maintain efficiency, heat dissipation, stability, and lumen output. The product contains a built-in surge protector and class II driver with 0-10V or Triac dimming and a lifetime of 50,000 hours. Optional features such as dimming options and interchangeable color options are also available.
