# LED Office Retrofit Light

LOT-LL-20-6/LOT-LL-40-6

Product Number	LOT-LL-20-6/LOT-LL-40-6
Lumen Output	2,500 - 5,000
Wattage	20W - 40W
Lumen Efficacy	125lm/w
CCT	3000K - 4000K - 5000K
Dimensions	22 4/8" x 44 6/8" x 1" x 6/8" x 3 4/8"
Input Voltage	UNV = Universal 120-277 VAC HV = 347 VAC & 480 VAC
IP Rating	No Rating
LED Driver	Class II driver, with 0-10V or triac dimming
Certification	UL, DLC, FCC, ISO

# Product Description

The LED Office Retrofit Light is a fantastic replacement for fluorescent lighting in offices, schools, utility areas, restaurants, corridors, hallways, public buildings, and commercial businesses. This linear fixture provides an instant-on, even wash of light with a wide angle and glare reduction and the wrap-around diffuser lens provides excellent, smooth lighting distribution. The high quality LED chips maintain efficiency, heat dissipation, stability, and lumen output. The product contains a built-in surge protector and class II driver with 0-10V or Triac dimming and a lifetime of 50,000 hours. Optional features such as dimming options and interchangeable color options are also available.
