Details

LED Technology

This Wallpack Light can provide LED lighting for different areas with walls – such as gymnasiums, offices, galleries, malls, stores and schools. This wallpack light is environment-friendly, with its UV-free and mercury-free materials. This product also needs near zero maintenance. This product can produce up to 20000lm, so it provides a clear, bright lighting. This product also has an internal driver that does not attract insects. This product can be placed in any location you choose.
