LED Wall Pack Modern

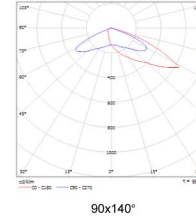

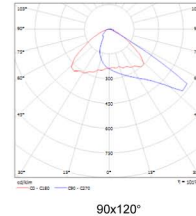

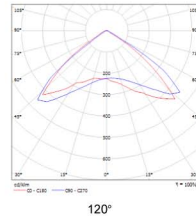

Part Number	LOT-WP-48-33	LOT-WP-60-33	LOT-WP-80-33	LOT-WP-100-33	LOT-WP-120-33	LOT-WP-150-33
Lumen Output	4000Lm	5400Lm	7200lm	9000lm	10800lm	13500lm
Wattage	48W	60W	80W	100W	120W	150W
Lumen Efficacy	100-110lm/W					
CCT	3000K / 4000K / 5000 / 6000K					
Beam Angle	120° /90x120° /90x140°					
Input Voltage	100-277Vac 50-60Hz PF 0.95					
IP Rating	IP 65					
LED Driver	Meanwell					
Certification	UL,ETL, DLC, CE, PSE, SAA, RoHS					

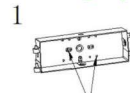

LED Technology

The LED Modern Wall Pack is perfect for any place that wants a consistent, bright UV-radiation free lighting. This product uses SAMSUNG LED chips, so it can emit a bright, stable light that will be able to last for days without dimming or color changing. This wall pack light also has a built-in Meanwell driver. This product is housed in aluminum housing that ensures its durability.

Mounting Options

Using screws to install the power supply box onto the solid wall

Open the wire-connecting box, connect the input wire of the LED driver with the AC input wire then close the box.

Thrust the heat sinker body into the two holes

Close the body using screws and tighten them
