LED RGB Linear Flood Light

Part Number	LOT-WW-30-1	LOT-WW50-2	LOT-WW-100-1	LOT-WW150-1	LOT-WW-200-1
Lumen Output	3,450lm	5,750lm	11,500lm	17,250lm	23,000lm
Wattage	30W	50W	100W	150W	200W
Lumen Efficacy	11.5lm/W				
CCT	4500~5500K(2500~5500K optional)				
Beam Angle	15°, 25°, 40°, 60°				
Input Voltage	100-277Vac 47-63Hz PF 0.95				
IP Rating	IP 66				
LED Driver	Meanwell				
Certification	UL, CE, PSE, SAA, RoHS

LED Technology

The LED RGB Linear Flood Light Series can deliver the perfect glare-free lighting for various indoor and outdoor locations such as exhibit centers, malls, plazas, offices, lobbies and supermarkets. This flood light has a patented design that allows for excellent heat dissipation, maximizing its lifespan. This product has a protection rating of IP65 so it is both waterproof and perfect for outdoor application. This flood light has a wide radiation angle, allowing it to light a huge area. It also has an anti-glare function so the light it emits is not only bright, but also pleasant to the eyes. This product is UV-free and has no mercury and lead components for safe lighting.
