

Sensor-Compatible LED Retrofit Area Light

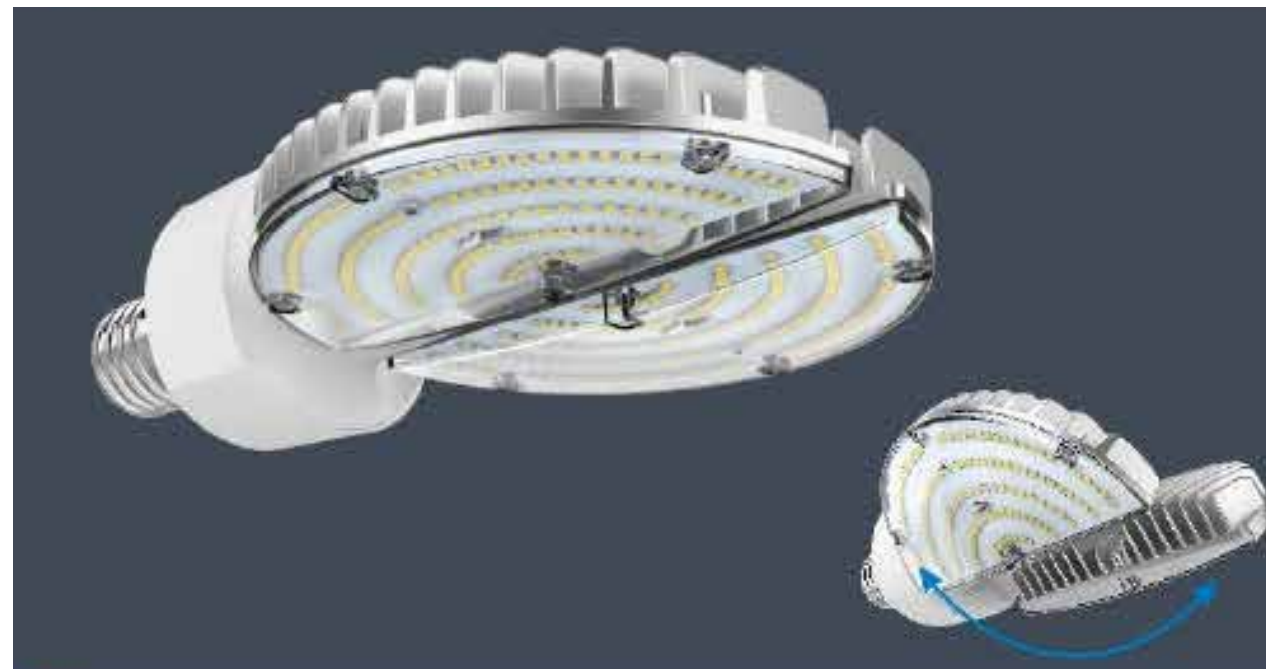

LOT-RK-70-47

Sensor-Compatible LED Retrofit Area Light

LOT-RK-70-47

Product Number	LOT-RK-70-47
Wattage	70W
Lumen Output	10,500
Input Voltage	AC 100-277V/ 50-60Hz
Angles	Adjustable
CCT	3000-4000-5000K
Sensor Options	WiFi, Photocell, PIR, Microwave
IP Rating	IP40
Certifications	LM80, DLC, CUL, UL, LM79

Product Description

This Sensor-Compatible LED Retrofit Area Light is a Mogul retrofit light used to replace halogen area lights in commercial plazas, retail shopping centers, parks, city centers, and university campuses. UV-free and mercury-free, this light is designed to allow for proper airflow and multiple angles. The Sensor-Compatible LED Retrofit Area Light has various compatible sensors available such as WiFi sensor, Photocell sensor, PIR sensor, and microwave sensor, allowing for a multitude of possible applications.
